FRAUD TIPS

TIPS TO AVOID CHECK FRAUD!

Fake checks are used in a variety of schemes/scams such as sweepstakes, on classified ad websites, new job opportunities, mailbox thefts, etc.

- Talk to us about any checks you received for deposit that you are not sure about.
- Did you get specific instructions on how to deposit the check? Are you pressured to act quickly? You are being scammed!
- Never use money from a check to send gift cards, money orders, cryptocurrency, or wire money to complete strangers. Once you do, you will never get it back!
- Don't accept a check for more than the selling price. It's a scam!
- Check your account frequently. Let us know if a check you wrote is taking too long to clear. It could have been stolen!
- If it sounds too good to be true, it probably is! Don't accept checks from strangers!

Don't become a victim. You are liable if you deposit a phony check and withdraw the funds. Don't get scammed out of your hard-earned money!
